I am thankful for God's provision. Personally when I have had things going on in life he provides me exactly what I need to make it through. Professionally he has brought new team members, volunteers, and patients that have poured life into this ministry with words of encouragement, hands to help, and prayers that fill this office with the Holy Spirit. If that weren't enough, He has given us His Word which equips us for every situation we will encounter. - Moriah
