\*\* see our events page for more details

# MCG Event

JUNE 12, 2023

Our staff trained to perform MCG testing at Heart of Hope Health in Hayden!

The Multifunction Cardiogram (MCG) is a revolutionary new kind of non-invasive diagnostic tool for measuring the health of a patient's heart and the impact of ischemia and other problems. The MCG provides a method to detect and measure myocardial ischemia with unprecedented accuracy in minutes. It is a resting, non-invasive, non-chemical/non-radiation test.

## Transitioning to Preventative Heart Testing & Care- MCG

MONDAY AUGUST 7TH 630-8PM

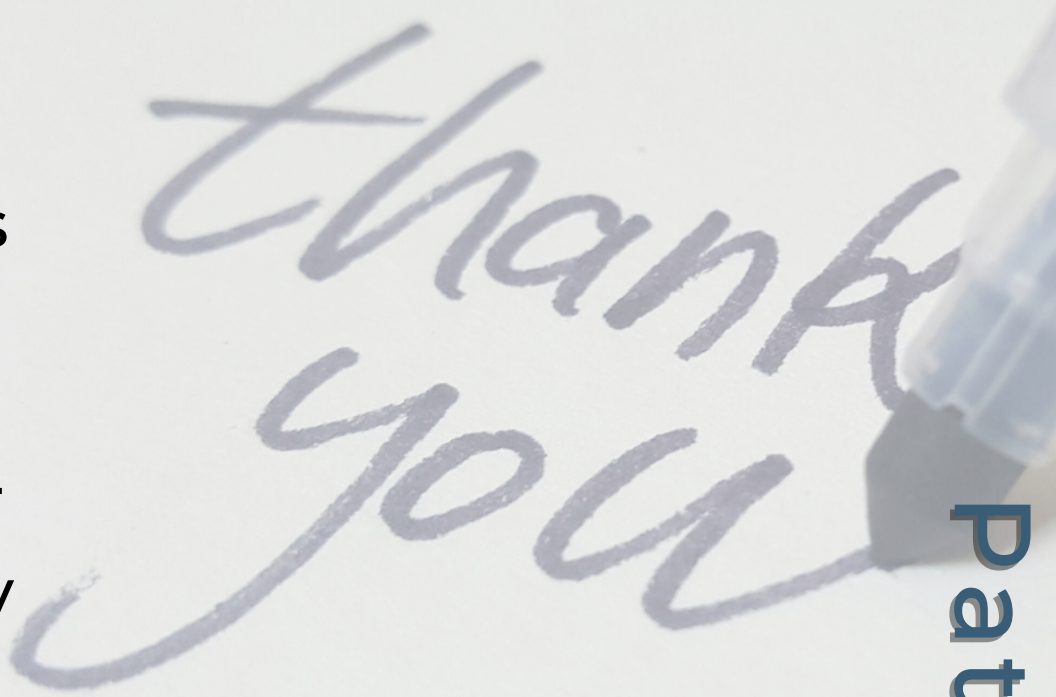

Join us for this informational class about multifunctional cardiogram (MCG) testing & benefits for those looking to identify cardiac risks using cutting-edge technology and non-invasive techniques.

If you could know your risk factors to prevent heart disease, why wouldn't you test?

We would not exist without YOU our patients & supporters.

Please join us for lunch Friday July 28th 1130-130pm

Patient Appreciation

# WE ARE THANKFUL FOR:

God-He has continually provided beyond our needs. We are thankful for His presence & give Him the glory for all that is going well.

Our Patients- You have been a huge blessing and allowed us an opportunity to use our skills to do what the Lord has called us to do-fight for healthcare freedom.

Our Volunteers- their generous donation of time and skills has blessed our staff and patients alike.

Our Staff- their daily efforts to keep HHH on mission and moving forward is evident in patient lives' that are being transformed.

Our Donors- Thank you for sponsoring patients with financial needs and enabling the foundation to acquire needed medical equipment. Your donations make a difference!

## STAFF HIGHLIGHT: BILLING & ACCOUNTS SPECIALIST RACHEL

Even as a child, I always knew I wanted to go into the medical field, helping patients and making a difference in their lives.

I graduated from North Idaho College with my A.A. Degree and Intermediate Office Technical Certificate, with an emphasis in medical billing. Soon afterwards, I obtained my first position working as a receptionist/medical records at a local Skilled Nursing Facility and later, was promoted to a billing position as a Patient Accounts Coordinator. I loved my job very much, the people I worked with, and our patients; needless to say, it was very difficult to leave, once the vaccines became mandatory.

One of the most important things I've learned in life, is that even when things don't go as you've planned, if you will listen to and follow God's direction, He will lead you in the right path, which is where I am now. Being part of the Heart of Hope Health family feels like another opportunity that God has given me and I am so incredibly blessed to be here.

During my free time, I enjoy playing classical piano, cooking/baking, writing fiction, photography and spending time with family and friends.

# REMINDERS & UPDATES

## Normal Business Hours

### Primary Care

Monday-Thursday 8am-6pm Friday  
8am-1pm (last appt scheduled)

### Urgent Care

Monday-Friday 8am-6pm

## New Staff

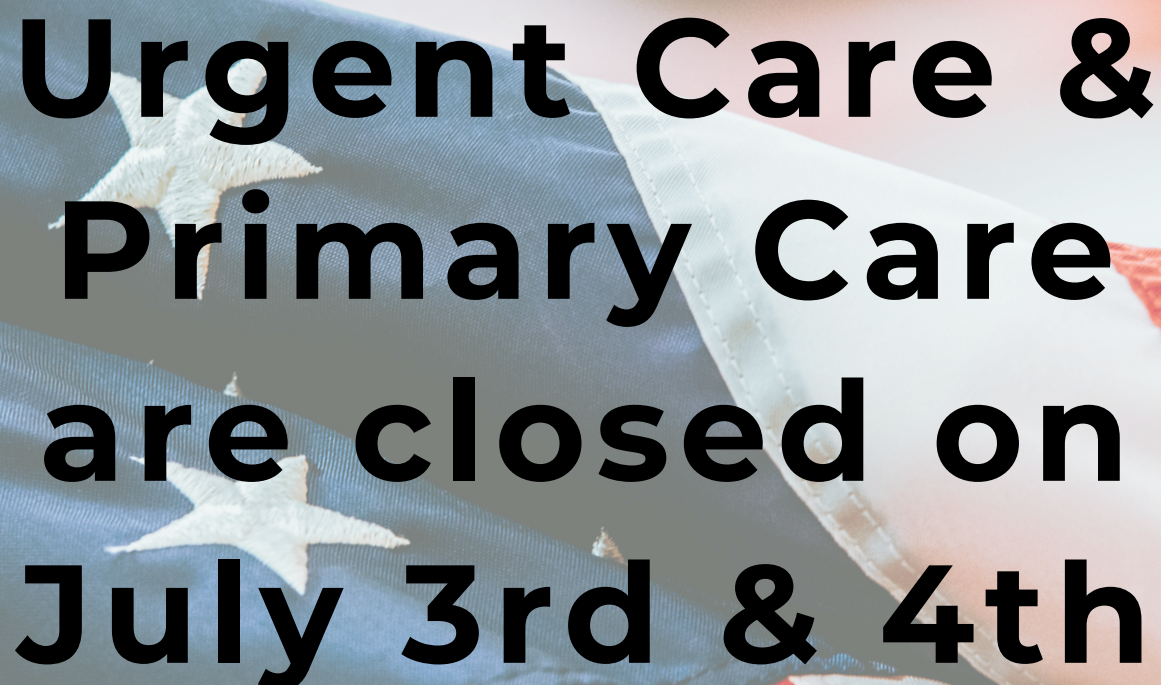

We will be hiring some temporary summer staff to help out with additional events.

## X-Ray

The room is still under construction. The machine and equipment have been purchased. We plan tentatively to begin training staff this summer.

## Updating Contact Information

We will be focusing on updating patient contact information. It is important for us to have two working phone numbers and an email contact for patients.

The background of the bottom section of the page is a close-up, slightly blurred image of the American flag, showing the blue field with white stars and the red and white stripes.

**Urgent Care &  
Primary Care  
are closed on  
July 3rd & 4th**

**We are hiring**

**PER DIEM OFFICE STAFF**

**PER DIEM MA**

**PART TIME PROVIDER**
